"So, fired at last by love—old love so new,

My work shall be the one acknowledgement:—

O God, I find Thee, doubt and darkness through:

Earth knows no instant of Thy banishment."

Midyear Class of 1920

Graduating as a part of the class of 1920, yet belonging to classes that have gone out of the University a year or two before, the "Super Senior" Class represents the first to receive the degrees at any other than the time honored Spring Commencement.

Upon the return of war service men, several found that a single semesters school work would complete their course, and that they would be entitled to the degree. It was for this reason that the University had a Special Commencement Exercise on the tenth day of February 1920. On that day, twenty-four men and women formed the procession and robed in the gowns of seniority, received diplomas from the hands of the President of their Alma Mater.

Class History of 1920

Long ago in the prehistoric Days of '16 there came unto the ancient Halls of Wesleyan, a famous Band; these were called the Freshmen;—ah, me, how the times have changed; they are now named the Seniors!

All ye aged ones will well remember when the noble sons of '20 dragged their opponents of '19 victoriously through the muddy, swirling waters of the Olentangy—and how they repeated said victory with the youthful scions of '21 the following September.

Too many to chronicle are the deeds of brain and brawn which have marked the shining path of '20 thruout her four years brilliance—deeds not only of masculine glory, for who shall forget the noble work of our girls' basketball, baseball and tennis teams; many and many are the times when feminine '20 has worn the laurel wreath, climaxing her career of glory by winning in her last year the basketball tournament.

Very many are the heroes whom the class of '20 contributed to the great World War, some of whom never, never returned—to these be our deepest reverence. Many of those who did return have, by the superiority of their wisdom, been able to catch up and rejoin the ranks of '20—and others too, of '19 and even '18 we welcomed into our class and were proud because of the noble work they represented.

Of course, our ranks have become somewhat depleted since those Freshmen days, but still they retain a goodly number,—the brawny athletes, the staid and spectackled Phi Beta Kappa's; the silver-tongued orators of Delta Sigma Rho and the butterfly belles of society;—the Hamlets and Ophelias of Histrionic and the determined black bloomered heroines of the basketball floor—we have them all and we are proud of them.

As for loyalty, has any class shown more spirit in protection of the Senior Bench, in punishing those who would defame its sacred rites? If there is any doubt of this, the class of '20 refers you to its much-tubbed rivals of '21.

And now we are going out into the unknown world—to all parts of it on many different missions; we cannot know what the future holds, if we did the anticipation would lose the tang of adventure. But we will do our best to make you proud of us, individually and collectively and to be deserving of the bounties which you have heaped upon us and for which we thank you,

History of the Junior Class

It was many and many a year ago,
In a college town you see,
That a Freshman Class came to Delaware
To the University
And this class was as brave and renowned, my dear,
As any class could be.

And when we arrived in Delaware,
The sun shone bright and clear.
While Students and Faculty looked at us
And said, "What have we here?"
In Basketball, we beat them all;
And Football too, my dear.

As Sophomores, we grew quite bold
And made the Freshmen fear
We roused them at the midnight hour,
To teach them tricks, my dear.
They swore allegiance to our clan
In the ghostly atmosphere.

The cap and button rules were kept
Through vigilance sincere,
We ducked non-wearers in the Spring,
In a manner most severe;
And that is really how we won
Our reputation, my dear.

We ushered in the Freshmen Class,
In the first of our Junior Year.
We drove away all homesickness
And filled them full of cheer.
Later when caps and gowns
Did strangely disappear;
We swam the iey tub and splashed
The Seniors so austere.

And some day I'll tell you the rest of the tale, Yes all of it you shall hear;
How the honor and glory of '21
Has been told and retold far and near.
But the hour is pressing, and I am old
So enough for now, my dear.

History of the Sophomore Class

While rambling through the stacks of Wesleyan's Hall of Fame the other day, I came upon a most promising volume. I took it down and found that it was divided into four chapters. The first one read like this:

"Seasons may come and seasons may go, but he memory of the fall of nineteen eighteen shall stay with us forever. Briefly let us summarize the things of momentuous importance which happened in this fall. The Great World War came to an end, the S. A. T. C. held sway o'er all the colleges, the "Flu" reigned supreme o'er all the land; but the thing of greatest importance to Wesleyan's future history was the entrance into her inmost sanctuary by the Class of Nineteen Twenty-Two.

"We early showed our prowess by giving the Sophomores a ride through the refreshing waters of the Olentangy and by showing them unusual fighting ability around the Sulphur Spring. Along atheletic lines we showed an amount of pep and enthusiasm which made the hearts of the coaches go just a little faster—and no wonder. To show the Soph's that we had brains as well as brawn we defeated them in the annual Fresh-Soph debate. Socially we were all that could be desired and our hikes and parties were undisputed successes."

And then the next Chapter read: "In our Sophomore year we have continued our grand march towards the Hall of Fame. This year we initiated the Frosh to the sensations of the Olentangy and the Sulphur Spring. We heard so much of the wonderful Frosh football team and its numerous scorings on the Varsity that we began to fear a thrashing; but our worrying was all unnecessary, as we held their highly coached team to a single touchdown. We continued to shine along other athletic lines.

"We have kept up our par-excellent work along forensic lines by having four Sophomores earn their Delta Sigma Rho keys—a feat unheard of in previous years. From the present indications of the class squad, the Frosh can look for a defeat when they face them on the platform

"A new venture around school is the publishing of the Honor Students of the lower classes, and we are proud to announce that the Sophomores have twenty-six names published on the list."

"Our Fall Hike this year was a most decided success, as was our party."

"All in all we proclaim this a most successful year."

Thus ended the second chapter. As I read the remaining two chapters both bigger and better than the ones preceding, I realized that all the praises which I heard of this class were deserved

The Freshmen Class

From the vagrant North, from the balmy South, from broad Western plains, from low Eastern hillsides, from distant cities, from near-by farms, from here, there and everywhere, we came and presented Ohio Wesleyan her largest and most versatile class. Numbering 450 strong, we in September started our uphill fight against low grades, austere professors, and knowing Sophomores. Our size made organization difficult, but notwithstanding that, we touseled and battled our foe with more than average Frosh success. The many skirmishes of the first week did not produce a victor and the undying strife demanded the decisive battle be fought on Edwards Field 'tween those of track aspirations. They were good, we were better. At various times since then, the fight-loving upperclassmen have witnessed short-lived battles from which no victor has emerged.

On the field of sport, we of the "W" caps and Frosh badges, have "showed stuff" in more ways than one. Though the score showed a 0-0 result, it did not show the real strength of the Freshmen football team in their struggle with the Sophs. Our basketball tossers were unable to publicly test their known strength so evident in practice with the Varsity five. The girl's basketball team bowed in defeat only before the Senior Champs in the Class Tournament.

"By their activity, may the all-round class be judged," may well be said and proved by the Class of 1923. Our aims are high. Many have still the key of Phi Beta Kappa as their first goal, others are destined to have their names on the Athletic Cup, some are on the way to success in forensic, musical, or editorial circles. But why such prophesying, the proof is the doing? Only to let Ohio Wesleyan and the whole world know that we of 1923 have a definite goal—to be the best all-round class to graduate from a Bigger and Better Wesleyan.

Physical Education

As the largest department in the University, with eight full-time instructors, four student instructors, and four hundred students enrolled, in the normal course, the Department of Physical Education and Hygiene is rapidly coming into prominence.

The normal course, gymnasium work, and athletics are all a part of the work of the department. The normal course, offering thirty-five hours college credit, has been enlarged to meet the need for physical directors. Wesleyan has the best equipment in the state for this work, and its graduates will be able to compete with physical directors trained in specialized schools.

The aim of the department is to handle every student with the object of bettering his heath and at the same time educating him physically. Physical defects are cured, muscles are co-

ordinated, and students are taught the value of Recreation. Men are taught health habits which they can carry away from college.

Doctor Holmes has general supervision over the department. His special work includes medical examinations and the teaching of Hygiene and Physiology. Mr. Ewing is the Director of Athletics, and Miss Bradstreet has charge of the women's work. Mr. House is in charge of the gymnasium for men, and Miss Lightring for the women. Mr. Horton is the eoach of minor sports. Miss Hayes coaches girls' athletic teams. Miss Swarts is an Assistant in the women's work.

FOOTBALL

The Football Season

COACH EWING

Wesleyan continued to occupy its usual position in the Conference race last Fall, despite unusual conditions affecting football. The team went through the hardest schedule a Red and Black aggregation has faced in years, and came out with a fair record. Two conference games were lost, while the big game of the season, with Denison on Home-coming Day, was won.

Eighteen letter men and a wealth of new material seemed to promise a championship, but other schools were just as well off. The best of the college athletes of five classes were eligible, and as a result, every school in the conference had a good team.

With the return of veterans from overseas, Wesleyan stock went up. Miller, Hanson, Stevenson, Battelle, Bell, Wee, and Lindsay came back to school and were again to be seen on Edwards Field in Red and Black uniforms. The younger generation was too fast for several of them, and Miller, Hanson, and Wee were the only ones to win letters. The biggest squad in the history of the school turned out in September, and Coach Ewing was able to pick out twenty-four men, most of whom had won letters, and all of whom had had much football experience.

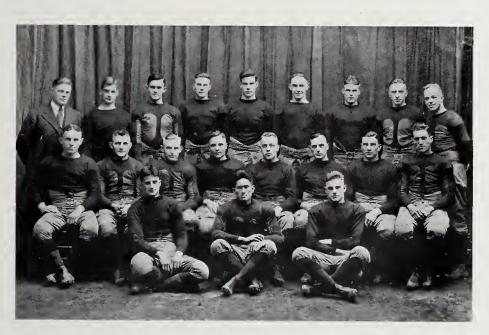

Otterbein came to Delaware for the first game of the scason, and fought hard, but was no match for either of the teams Ewing used. The score was 26-6.

Ohio State simply swamped Wesleyan in the first half of the game on October 3. Some changes in the line-up and some costly fumbles on the part of Ohio State enabled Wesleyan to hold the Buckeyes to one touch-down during the last half. The game ended 38-0.

The next two games, played with Oberlin and Miami, were tragedies. In both games, Wesleyan out-played her opponents, but lacked the punch to put over a much-needed touchdown. The score at Oberlin was 9-0, and at Miami, 13-7.

The next two games, with Ohio Northern and Ohio University, resulted in victories for the Red and Black. Ohio Northern did not put up much of a game, but the Ohio U. game was played in a down-pour of rain, and after Wesleyan had missed two good opportunities to score in the first half, it began to look like a tie game. A blocked kick in the last two minutes of play saved the game.

The climax of the season came on Home-coming Day, November 15, when Wesleyan played Denison. The teams were about evenly matched, with the advantage of weight on Denison's side. Denison's first punt was blocked and recovered for a Wesleyan touch-down, and the game was won. The score at the end was 19-0. The final game of the season, with West Virginia, was easily won by the Mountaineers, the score being 55-6.

BASKETBALL

The Basketball Season

Wesleyan's record in basketball last winter was only fair. Five conference games were lost, and the fact that three of these defeats could have been transferred into the win column with the help of a free throw or two makes them more bitter.

An abundance of material promised a successful season. Five letter men were out, together with most of last year's Freshmen team, and several men from the 1917 Yearlings. The race for positions was very close, and the personnel of the team changed considerably during January.

The first game of the season was played with Ohio State in Columbus on December 17. Until the second half, Wesleyan was helpless. Bohyer got started then and kept his team from being white-washed. The final score was 41-17. Indiana State came to Delaware early in January and won a fast, interesting game by a score of 38-21. The Hoosiers defeated Ohio State the next night 22-11.

Wesleyan had little trouble in taking Otterbein over to the tune of 34-15, and was seemingly well primed for the opening of the conference season on January 21, when Denison came over from Granville. Again the locals did not get started until the last half, and Denison won, 29-20.

Heidelberg was an easy victim, and Wesleyan won a rather listless game, 32-17. Wesleyan was just as easy for Wittenberg at Springfield. The team was in poor condition, and no match for Wittenberg on a large floor.

A trip to Cincinnati and Miami resulted in an even break. Wesleyan won an exciting game from the University of Cincinnati, 22-21. The score was tied at the end of forty minutes, and an overtime period was necessary. As a result, the team was rather played out and in no condition to travel through another hard game on the next night. Miami put up a hard fight, but seemed to have no chance until the last five minutes, when Wesleyan let down and Miami evened the score and shot the winning basket thirty seconds before time was up.

Another heart-breaker came at Granville, where Wesleyan played a good enough game to win, but failed to make good on free throws. The team redeemed itself on February 23rd, however, when as a climax to the Washington's Birthday festivities, Wooster was beaten 31-16.

Baldwin-Wallace was set down by a score of 49-6 next, while Wittenberg came to Delaware and just managed to go back with a one-point victory. Ohio State came up for the last game of the season, and won in a rough-and-tumble contest, 38-20.

ALEXANDER, Manager

The best track season in recent years is the record hung up by the 1919 track team. Of the five dual meets, the locals were victorious in three and lost the other two by the narrowest of margins. The Big Six Meet ended with Ohio State leading Ohio Wesleyan by two points, and with nine of the other schools in the running.

The record of the local team was due largely to the work of Captain Ensign and King. They are easily the two best track athletes in the state, and they copped the lion's share of the points in every meet. Ensign captured four firsts in the Big Six and was the individual luminary with King a close second.

(Continued on page 112)

Elias Sisson

HAROLD KING

LEONARDO PADILLA

Ohio State came to Delaware for an indoor meet in April, confident of victory. They did win, but the score was 47-46, and a disagreement among the officials robbed King of first place in the 40-yard dash, which would have won the meet. The return out-door meet with Ohio State was different, Wesleyan won, 71-60. The surprise of this meet was the running of Sisson, who won first in the mile and second in the half mile.

The team went to Miami with King on the sick list, and as a result, Miami won. Wesleyan won the final meet of the season from Denison by a score of 90-30.

BASEBALL

The Squad

The Season of 1919

The 1919 baseball season can hardly be called a success, although the record of only three contests won out of seven conference games played does not indicate the true strength of the team. Two of the four games lost were played with the conference champions, and were lost by narrow margins.

Coach House had about thirty men to pick his team from, with seven letter men, three of whom returned from France after the start of the season.

The first game, with Otterbein, served to emphasize the need for experienced men. The playing of both teams was ragged, but Wesleyan won, 7-1. Several old men came back at this time, and it was a different team which faced the University of Cincinnati in the next game. Poor support and inability to hit the ball spelled defeat for the Red and Black. This same trouble caused Wesleyan to lose at Denison.

The return game with Denison was all Wesleyan's, and Heidelberg was sent home with the short end of a 7-1 score. Ohio State came to Delaware and won an easy game.

The Eastern trip resulted in a victory over Carnegie Tech and a defeat by West Virginia. Ohio State was lucky and won an exciting game, 3-1. Two close games with Ohio University were lost by one run each.

Last Spring marked a revival of interest in Tennis, and the 1919 season was the most successful in recent years. Captain Havighurst was the only 'Varsity man in school when the call came for candidates. There were several promising under-classmen, of whom Brubaker, Muth, Thomas, and Hughes were picked to complete the team.

Ohio State had little trouble in taking the first match in Columbus, but encountered

some opposition on the local courts. The Red and Black racquet artists succeeded in taking two of the six matches in this meet. Matches with Denison resulted in a tie. Otterbein won at Westerville, but dropped a match to Wesleyan at Delaware. Kenyon offered little opposition and lost to the Red and Black at Gambier.

The conference tournament was held on the Kenyon courts, and because of the weather it could not be completed. Muth was the runner-up in singles, while the Wesleyan doubles team, composed of Muth and Brubaker, tied with the Oberlin team for the doubles championship.

Inter-Class Athletics

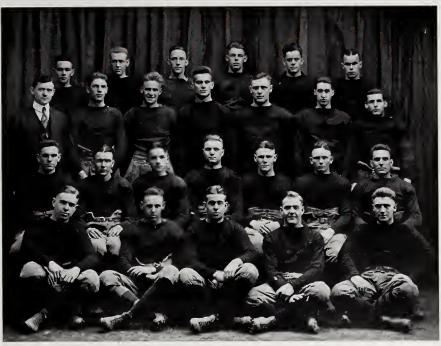

FOOTBALL TEAM CLASS OF 1922

Inter-class athletics were confined this year to the annual Freshmen-Sophomore football game and to track meets.

As part of the customary Freshmen-Sophomore activities, a track meet was held between the two classes last Fall. The Freshmen won by a narrow margin. The first-year men came in strong on the weight events and the dashes, showing some valuable 'Varsity material.

The Freshmen-Sophomore football game was expected to be a walk-away for the Frosh. They had an aggregation which had stood up well against the 'Varsity all season. Their months of training and practice, together with better material and more weight seemed to give them a decisive advantage over the Sophs. The second-year men had a rather small team, not one of whom had made the 'Varsity squad.

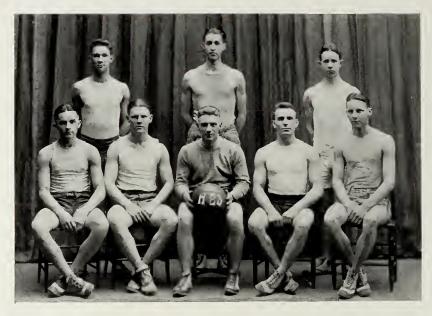

The game ended 6-0 for the Freshmen, and they were lucky to win. The Sophomores fought like wildcats, while the Frosh could not get over the idea that they were playing in an easy game.

An indoor track meet was staged in Edwards Gymnasium in January in preparation for the 'Varsity track season. The Juniors took first place, as was expected, with the Seniors a fairly close second. The two lower classes were tied for third. King and Sisson scored most of the Juniors' points, while Padilla and Wee ran high for the Seniors. Freshmen scored in the shot put and the distances.

Women's Athletic Association

Women's Athletics

The year 1919-20 has marked a great step forward in the standing and efficiency of the Department of Women's Athletics at Wesleyan. Many new activities have been introduced and the old ones revitalized. This sucess has been largely due to the personnel of the teaching staff.

Miss Annabel Bradstreet, in her first year here, is building up especially the gymnasium side of the work. She is also ably fitted to conduct classes in interpretative and folk dancing.

Miss Hayes, who made hereself indispensable to the sports last year, is still with us. Her services are especially in demand during basketball season.

There has long been a need for more attention to the health of the girls, and for counter-action of physical defects. Dr. Lightring has taken charge of this department.

Despite the traditional attitude toward the "prophet in his own country," Miss Gladys Swarts of the class of '19 has assisted in the physical education work with marked success.

Physical "Ed" has gained an added prestige in the college curriculum. The course for those who intend to teach gymnastics is very complete. Quite a number of girls have elected this as their major subject.

The organization and constitution of the Athletic Association as drawn up last year, has been found very satisfactory. The point system, governing all forms of athletics, such as basketball, baseball, swimming, and hiking, has created general interest in all these activities.

Hockey gathered a host of followers in the Fall, but incessant rains kept the athletic field too wet for practice. This promises, however, to develop into a very popular sport.

In addition to the class numerals which are customarily given out for basketball, "W's" were awarded. These were given for exceptional playing in certain positions.

Those receiving "W's" were:

Seniors: Florence Follwell, Helen Rieck, Merle Spurrier, Helen Edwards.

JUNIORS: Ruth Tarr, Florence French, Frances Lubahn, Lois Harbage.

SOPHOMORES: Leah Goodman, Alice Patterson.

FRESHMEN: Katherine Anderson, Helen Daniels.

Sweaters were given for the acquisition of a certain number of points made by participation in the various sports. Merle Spurrier was the only member of this year's Senior class to receive one.

Girls' basketball was this year conducted upon entirely different lines than heretofore. After the first few practices, one game per week was played by each team, the one holding the highest average at the end of the series being challenger for the tournament.

And oh! that tournament! Smiles and tears, broken hearts and happy ones, but best of all—indomitable pep and enthusiasm, good sportsmanship and clean playing. The games were fast, too, and not one of the men who took advantage of the ruling which makes these tournaments open, looked bored, or left before the final whistle.

Contrary to prediction and popular expectation, the Seniors emerged victorious from their encounter with the Juniors, who wore the laurels in their under-class years. The Freshmen, in a contest heated by traditional class hostility, won from the Sophomores, only to be vanquished by the wise and sagacious wearers of the mortar board.

Years ago when sororities at Wesleyan had had their young fling and perished, a very definite need was felt for something to take their place in the lives of the Monnett girls. This need was answered in the Clionian and Athenaeum literary societies which have flourished and thrived and taken unto themselves neophytes, from time past up to the present day.

For its motto, Athenaeum adopted "Tuebor" and just how well it is lived up to is evidenced at no time so much as on the exciting day, "when the bids come out," the day accompanied by shouts of joy from the presidents suite and much feminene osculation.

During the past semester, Athenaeum has endeavored to represent the varying talents of its members in different ways. Accordingly, in addition to the regular Friday night programs, this society produced in November a musical allegory written and staged by one of its members, which proved to its audience the musical and histrionic talents of its cast. Later on, a new departure in the way of entertainment was introduced in the form of a tea-dance given for prospective members. This proved so successful, that it is very probable it will be continued as an annual event.

Then, must be mentioned also, the prep minstrel show, accompanied by original songs, dances and jokes that made Athenaeum more than proud of her new daughters.

An innovation is shortly to take place, in the form of an elaboration of the initiation ceremony, which has it is felt, been inadequate. Also there will be a systematic alternation of formal and informal programs which will again give opportunities for display of all types of talents the club possesses.

In closing, we may say that if in the future, Athanaeum proceeds as in the past, its members to come will say with its founder—"Tuebor."

The wearers of the little gold and white scroll are proud, and justly proud, too, of the reputation that Clionian Literary has held ever since it was organized, away back in the days before Ohio Wesleyan was Ohio Wesleyan, but the Female Seminary. Clio is the oldest woman's literary society in the university and claims as its members some of Wesleyan's most prominent and influential alumnae, as well as her share of leaders of today.

Throughout the years the Friday night programs have filled a prominent place in the lives of the girls. The literary society furnishes a social center, it fosters real literary enterprises and gives experience in the art of entertaining. However Clio has interests of a different nature. An enjoyable feature on the program at several meetings were odd, foreign letters from Clio's little French orphan, writing to her big sisters in Delaware.

The inaugural reception given in the fall of each year, by the Woman's Literary Societies holds a distinctive place in Wesleyan's social calendar. Clio has always sought to preserve many of the old traditions of the school, thus maintaining that true Wesleyan spirit of unity and loyalty, between those of the past and those of the present; wherever the twain shall meet.

As those wearers of the Clionian badge in the past brought many honors to lay at the feet of their patron muse, it is the hope of the present Clionians that the motto, "Licht mehr Licht' will lead its followers on to greater achievements in the future.

School of Fine Arts

Lyon Art Hall

There could be no more fitting home for art than in Lyon Hall, with its unusual architectural beauty and its fine grounds, which add greatly to the charm of its location.

The aim of the Art School is not only to give a systematic drill in the technical practice in the various fields of art and a broader understanding of its underlying principles, but also to create love of art in its highest and purest form.

Through the courtesy of Dr. Frank Gunsaulus, an annual exhibit of modern paintings by American artists has been established. It is a rare privilege to have such an exhibit outside of art centers, representing work of the annual exhibits of the members of the Society of Chicago Artists.

And this year the Art School has been doubly fortunate in securing the American Water Color Exhibit, which came directly from the Pennsylvania Academy of Fine Arts at Philadelphia. With such celebrated painters as Mary Cassatt, William Ritschel and Violet Oakley and many others, beautifully represented, we can readily see how valuable a feature of the Art, as well as the general education these exhibits prove here at Ohio Wesleyan.

In the splendid growth of the University during the recent years, the School of Fine Arts, which is an integral part of it, has had its full share and holds its own distinct place.

Among the various other organizations of the school which have "come back" strong from the effects of the war conditions, stands the Young Men's Christian Association, which as better known as the college "Y."

The fine record which the "Y" has made this year, is due in a great measure to the inspiration received by those who have guided its policies, in attending the Lake Geneva Y. M. C. A. conference last June. Ohio Wesleyan was represented by five of her sons, two of whom have led the activities of the association this year. Because of the mid-year graduation, Donald Battelle was lost from the presidency of the organization, and Arlie Krussell since has been leading in his capacity as vice-president.

But aside from the numerous conventions at Lake Geneva, Springfield, Des Moines and Westerville, to all of which Wesleyan has sent representatives, the "Y" this year has been an important factor in the life of every Wesleyan man. In some of the meetings of the first semester, open forum discussions were held, dealing with vital problems such as the Ratification of the Peace Treaty and the adoption of the League of Nations.

Perhaps the greatest campaign in the history of Ohio Wesleyan was the "Dad" Elliott campaign which was directly under the Y. M. and the Y. W. Not only did the campaign last for three days, but the very note of reconstruction which was then sounded, has rung down thru all the semester. And since that time the weekly Friday night has practically been devoted to the discussion of reconstructing Wesleyan in all its activities.

At the beginning of the year, the usual social activities in the men's get-together, and the Y. M.-Y. W. joint proved to be unusually successful, and this same spirit of co-operation has carried all thru the year. During the Thanksgiving, Christmas and Spring vacation periods the "Y" sent Gospel Teams into the field as formerly and these teams have reported the usual success in the places where they have campaigned.

Not a little of the success of the "Y" this year is due to Charles G. Laughlin, or as everyone says, "Charlie," the General Secretary of the organization. His experience, his interest, and his sympathetic touch and unlimited generosity have all been foremost in promoting the welfare of the association.

Boasting of a larger membership than ever before, the Young Women's Christian Association of Ohio Wesleyan University is completing one of the most successful years of its existence. From four hundred and fifty, last, the membership has increased to six hundred this year, about seventy-five percent of the girls belonging to the Association.

The Y. W. C. A. was very fortunate in securing for General Secretary, Mrs. Albert C. Turrell, of Xenia, Ohio, who was secured late last summer, after the death of Miss Margie Tobin, who filled that place last year. Mrs. Turrell has been very successful in carrying on the plans and policies of the Y. W. C. A. as outlined by the Advisory Board and Cabinet.

The Missionary campaign, as carried on by special committees, has been especially successful this year. About one thousand dollars has been pledged, six hundred of which is to go to Wesleyan's sister college, Kwassui Jo Gakkho, in Nagasaki, Japan, for the salary of Masa Powers, who graduated from Ohio Wesleyan in 1916, and who is now teaching in Kwassui. The other four hundred is to go to the McCrumm Slavonic Training School in Uniontown, Pennsylvania, the other school which Wesleyan girls have adopted into their family. With this money a kindergarten room is to be equipped in memory of Margie Tobin, last year's secretary.

Eaglesmere, the Y. W. C. A. summer camp in the mountains of eastern Pennsylvania, usually attracts from ten to twenty-five girls there for a ten days' summer conference. Last year, however, due to the Methodist Centenary, which drew so many girls to Columbus, Wesleyan sent but two girls to the Eaglesmere conference, which met during the Centenary. This summer there will, no doubt, be a larger delegation.

The distinctly religious side of the Association has been given new impetus by the meetings led by Dr. Helms and "Dad" Elliot. The Y. W. stands for the highest of Wesleyan ideals and tries to help all the girl students to live up to these ideals. The avowed purpose of Y. W. is "to unite the women students of the University in common loyalty to Jesus Christ." Sunday afternoon meetings and corridor prayer meetings form the religious side, while "The Joint," and various other receptions and teas make up the social side. There are many other phases to the Y. W. C. A. which is the broadest, most all-round organization for women in the school.

This convention held quadrennially, is International in its scope, bringing to the convention, representatives from all parts of the United States and Canada, and also some from over seas.

The Convention was held last year during the Christmas Vacation, at Des Moines, Iowa. The Ohio Wesleyan Delegates were chosen not from the Student Volunteer Organization of the school alone, but were chosen to represent the University in all its phases of life, with the aim of returning to the University the ideals of higher religious culture as expressed in the field of service.

Civic Oratorical Contest

The ninth Civic Oratorical Contest was held in May 1919 at Allegheny College, with Mr. Harold Havighurst representing Ohio Wesleyan University. Altho Mr. Havighurst won third place, his work was meritorious, and the decisions were very close.

During the nine years that Ohio Wesleyan orators have competed in the annual contests staged under the auspices of the Intercollegiate Civic League, Wesleyan has established her reputation in the field of public speaking by being awarded five first and three third places. The colleges represented in the League are, Pittsburg, Allegheny, Colgate, Wooster, Washington and Jefferson and Ohio Wesleyan.

Plain Statement of the Case

We beg your kind indulgence!

This department is a great part of a great book. We believe it and we hope you will as soon as you have seen it. In fact we know you will.

You will notice that in the Department of the Fusillade, there are to be found the fragments of many a happy thot, some of which we were able to put onto paper in such a manner as to make them intelligible to you, the rest of them being laid waste to by the Censor. However, whatever frayed ends and frazzled edges you find here, take them and try patching them into a woof that suits your case, and we are sure that you will gain more real good from this part of the Bijou than if you fail to thus follow directions.

You will notice at once the abundance of snapshots which are supposed to interest you now, and your children in the future. We believe firmly in the teaching powers of pictures as active upon the child mind. It was very difficult, however, to extract from the stunt book, photo albums, etc., such pictures as we have, and if you do not find yourself in the collection, just do one of two things. Either thank us or blame yourself. Thanks, awfully!

As an additional subtraction to the beauty of our firing line, we have scrapped together a few Fraternity Chapter papers, and are EXPOSING in our columns the material thus secreted from the public eye. Now there are some of the Fraternities in the University, that we either considered sufficiently non-consequential to allow their papers to appear herein, and others that we tried to get, but were foiled in the attempt. Let's see. There is the Delta Tau Delta picture book called the Ule Delt, which we would have printed if it had anything to print besides pictures. And the Chi Phi paper was gotten out so long ago that it would already have been stale news to most of our readers, so we decided to forego it. Sigma Chi rarely, if ever, put's out a magazine of sufficient literary caliber to warrant us very much space and time in arranging it; therefore we have left it in the scrap can that stands on the corner of Winter and Sandusky Streets. In case you want to privately inquire of information go there. Derrill Bricker, was going to allow us to use the Sig Alph "Orange Peal," but as he was moseying down the alley behind Bunn Huffman's, the wind blew up the alley and away went the Peal. Deucedly sorry about that too! If only we could have gotten ahold of the Sigma Phi Epsilon, and the Union sheets, we sure would have made those boys shiver. Bally cold weather these nights. But Fate was not Propitious, and we have nothing but sighs and hopes for them.

But, in closing, we want to impress upon you the importance of observing levity, and keeping your mouth shut when you lift leaf after leaf after this page. This is an important direction! Who said the world was not getting better!

Our Motto: "Better leave while the leavin's O. K."

An excerpt from

Burk's Peerage

of Ohio Wesleyan University

Bagley, Allen E., Sr., 20 S. 7th Street, Zanesville, Ohio. Delaware Address, 54 W. Lincoln Avenue. The House of Bagley was first heard of in the sixteenth century under the reign of Fido IV., when the crest and shield was granted to Sir Ethen Bagley. The name comes from Lay and Bag, meaning a person en-

gaged in the work of snipe hunting.

JOHN JEREMIAH JOSEPHS, Earl of Alfatoot, and Sixth Knight of the Bath (sometimes seventh), Sr., Marathon, Ohio, Delaware Address Marion Road. The family dates from the Palm Tree, and ancient establishment in Babylon, and is thot at times to antedate that. The present member of the house retains the title of "The Oppressor."

Daniel Benjemine Heffel-FINGER, Baronet, and Lord of Pumpernickle, Crestline Ohio, Delaware Address, "The Alpha Sig Farm," has established a precedent held by his family, that of becoming engaged to matrimony. The ancient war-riorship of the family led to the granting of a crest and emblem

of Peerage as shown, in 1286, by King Wilson. The sign of the house is the cross swords and the spur and the crest of cannon balls.

YATES, ROBERTA, Dutchess of Raintears, and a long_time Ministeress of Affairs in Egypt under the past and present reign, represents an only surviving member of a long line of well known Peers. Teppsy, was the

founder of the House, and was granted the accompanying crest by Cleop LIIV, of Egypt. It has since been recognized as conforming to the English standards of heraldry.

MEREDITH, OXYGEN PALMER, Fountain Place, Springfield, O., Lord of the Calf and Captain of the Royal Horse Guards, is a member of the ancient house of Mary Ann, which later evolved into the present form, meredith,

to which the crest and ensign was granted in 1814. The present subject has written an extended work on "Salesmanship of bicycles at the Ohio State penal institutions," which gained for him much eminence.

EICHORN, WOODCHUCK CHARLES, born in Delaware, Ohio, raised in De La Ware, Ohio, and at present living at Del Aware, Ohio, was accorded a membership in the Peerage, when he proved the Newtonian Law of gravitation by throwing a beer stein to the earth during "wet" times. No crest has been granted yet, but a petition asking for a combination of ensigns is pending.

STEWARF, WILLIAM K., Lord High Councellor of the Royal Courts of Honor, was accorded the honor of the Peerage at the age of forty-one, having rendered the famous "Crab Decision, which revolutionized the field of legal procedure. He has made

a specialty of touring the north-ern part of the state of Ohio debating the modern industrial problems. The family motto is "Union Forever, Hallaluyah."

Townsley, Gardner Elisha, "Arch Bishop of Vincennes," is noted for having established the slogan, "A million Sig Alphs by 1930." And is a firm believer in the new doctrine of the "Brotherhood of Man." He has also written many public works, including the headlines of the Ohio Wesleyan Transcript for 1919 and 1920. The house begins with the present generation, the rank to the Peerage, entitling the family to a crest which will be granted in 1921.

PEALE, NORMAN VANDERBILT, is the eldest scion of the ancient House of Scouse, but has renounced his family connections since the war broke out, leaving the old home at 135 N. Franklin Delaware, a ruin at the hands of

Prohibition. A crest and arms were granted by Queen Budwiser the Second in 1099. The family motto has been changed from that appearing on the crest to "Bud for ever."

WHAT DO YOU THINK!

We have heard very few comments from other chapters on the recent rhange in our colors from pink and lavender to red and prop on a black background. But it other chapters have had the same remarks from their alumnistic to the chapters have shall not as we have, then we shall not stand alone in our opinion.

The alumni of Ohio Alpha, are decidedly in favor of pink and larender for our colors, instead of the formatic combination adopted at the last O. A. C. Our plumni, when in school kept Phi Pai on 40p, and then handed the task to 12g. If it had not been for them we wouldn't be enjoy ing today the pleasures and the benefits of Phi Psi life. As a result, then, don't we one some thing to them! The change in the colors may seem a comparatively minimportant matter but Tradition lays a large part in fraterning life. The traditions attached to mink and lavender do not fade easily from the old "Orad's" minds. It seems that one of the main reasons for the change was put forth by the Eastern chapters, it is customary there to wear the fraternity colors on a hat band.

PROSPECTS FOR NEW MEN.

PROSPECTS FOR NEW MEN.

PROSPECTS FOR NEW MEN.

Now that Ohio Alpha has completed her task of filling up the freshman class in the chapter, our choughts turn to next year.

Never was it more essential in the history of the chapter to get some good men pledged hefore school opens next fair. The some petition will be especially keen a chere will be large Sculor classes graduating from very group in school. So far we have four men pledged for the class of '24, 'Boo' Thomson of Delaware, 'Doe' Thomson of Delaware, 'Doe' Hamilton of Marion, 'Bo' Boodurta of Delaware and 'Dick' Anderson of Portsmoth. We Anderson of Portsmouth. have lines ont on about a dozen other men, any one of whom if properly encouraged, would come to Delaware. Trust us to nail 'em S

when they get here.
You alumni can help a great deal in this regard by getting in touch with some good boy in your own towns. Send us their names and we will invite them down for a basketball game or some college function. We are depending on you for your co-operation.

Let's all get busy, both the alumni and the active chapter and pledge at least four more men beore next fall.

We hear Thours

The chapter entertained its sisters at an informal dinner on October 15th. At that time there were thirteen present and the spirit shown by them was quite typical of the Alpha Sig "pep" that is manifested in every activity.

Shortly following this event, the chapter entertained the yearlings with a dinner party and they showed themselves quite capable of entertaining the fair sex; in fact the material is in excellent form for the Varsity Fussing Team.

Then, on November 1st, the Seniors entertained ten of the very choicest of the institution. In this event the solemn brothers of our group showed themselves to be up to normal in the way of entertaining and not to have lost any of their enthusiasm during their college course, but rather to have gained it. Norther to have brief and low their

Besides these social functions which have been enumerated in detail, we have six or eight informal dinners marked up in the guest hook, which indicate quite clearly that our plans have matured somewhat, and that our intentions and ideas have been turned into practices as well as theories.

The Social Committee is composed of Brothers Callahan, White, and Porter. Through the efforts of these men these social affairs have been made possible, but, due to the extreme modesty of the writer, further information will have to be obtained elsewhere,

Editor's Note: We all know "Cally's" modesty, it is so refreshing.

He hasn't told the half of it in regard to his work as chairman of the

" Fishing News, " Or catches mine.

Without losing a single bid Theta Deuteron's rushing season was typical of her usual success. Three men arrived in Delaware with the White Star already on their lapels and seven more men were pledged during rushing season. We were given unusually loyal support by our Alumni in pledging these men and we wish to take this opportunity of expressing our appreciation of that support. We will not attempt to make you acquainted with all the merits of our "preps," but in a limited way we wish to

introduce them to you.
"Bus" Reid, of Delaware, an All State High School basketball man was pledged two years ago but because of service was unable to enter school until this year. He now has Sophomore rank and is on the 'Varsity Basketball five. "Punk' McCoid, of Bellefontaine, pledged three years go, came to us as soon as he had secured his release from the army. He held an end position on the Freshman football eleven. John Smart, of Marion, was pledged last year and was recently sent to Cleveland by the University, where he was examined and given a first-class radio license. "Dick" Richards, Washington, D. C., an All-Eastern football star, was sent to us by Brother Wood, Commandant of Ohio Military Academy, where Richards was formerly enrolled. seasou. Scott is a proficient eage artist and is doing well on the Freshman basketball squad. Brother "Sport" Deitrich was responsible for the pledging of "Fizzer" Guy, of Bellefontaine, a "slieker" on all concussion instruments. "Bob" Miller, of Sugar Grove, "has played some basketball in his time," as he puts it, and Carl Wageman Chyphoga Falls is a contestioned activities. "Tom" Scott, Barnesville, Ohio, was pledged during rushing and Carl Wageman, Cuyahoga Falls, is a cartoonist and artist of rare genius. Both were pledged during rushing season. Through the co-operation of our graduate Chapter at St. Louis, "Brigham" Young, of St. Louis, and "Ted" Leonard, St. Paul, were given the White Star.

It is needless to say that the Chapter is more than gratified a with the results of this year's rushing season. We can only thank our Alumni for their co-operation in sending us these men and speak for a continuation of their support in the future. They

How can the Beta alumin fall for this?? THETA'S REVIEW

DELAWARE, OHIO, FEBRUARY, 1920

THE CHAPTER

Theta Chapter is comprised of men, who, while congenial, are men of varied character and interests, the association with whom acts as a broadening influence to each member of the chapter and is of but little less value than the class room itself. This diversity of interests makes itself evident in the various fields of college activities in which the members of Old Theta are taking part and bringing her to the front in school life.

We are able to claim the leader and two other members of the Glee Club. e represented in the 'V sity of the regulars Bar the of our piedges on their aters on the freshman and. We have bright prospect of having representatives on the trac squad.

The selection of pledges has been continuate. They gave every indication of true Beta caliber; the character of a man, and the interest in the life of the school for which Theta has always been noted.

BETA GIRLS ORGANIZATION

The ladies of Beta Theta Pi in Delaware are; showing renewed Interest in the local chapter. They have affected a permanent organization and are doing splendid service in putting a genuine motherly atmosphere in the house, by taking care of the many little details which are unnoticed by the boys themselves. The table covers, curtains, and top covers for the heds, pictures, and suitable decorations are being cared for by them, adding greatly to the comfort of the entire house.

On the evening of February 14th they gave the boys a chicken dinner with all the good things that go to make the dinner complete. It was generally agreed for the first time in a long while the boys were filled to full capacity. The evening was wound up by informal speeches of appreciation and a snake dance concluded the festivities in which the ladies took part. This co-operation of the ladies is giving the boys renewed interest in their home.

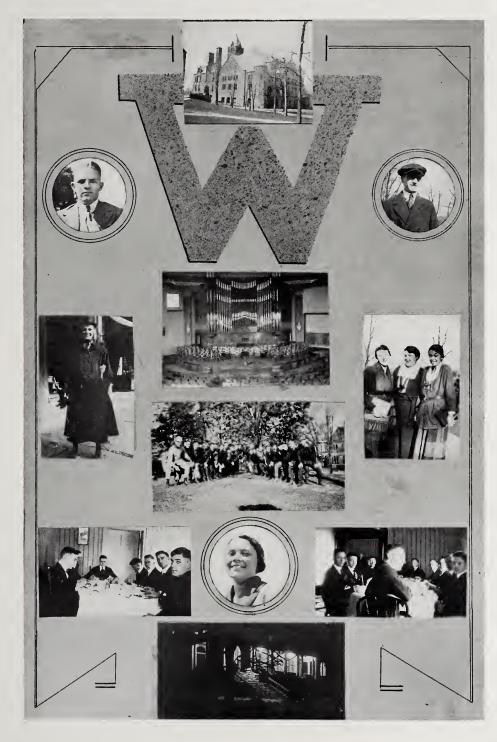

PLEDGES

We are glad to announce that our Rushing Senson was a very successful one. We secured eleven good pedges and expect them to develop the oreal Betas. For New Sale We have

THE BANQUET

In another part of this bulletin you will find an invitation to the commencement hanquet which is to be held this year. It is hoped that a great many of the old Phis will be able to return for the occasion. It you find, however, that it is absolutely impossible for you to attend do not forget to send a letter or a greeting of some kind so that your old friends as they are gathered at the banquet may know that you are with them in epirit.

ALUMNI HELP NEEDED IN RUSHING

The most essential factor in main. taining the high ideals of a fraternity is always to have a supply of good prospects from which to pick the men who will compose the futuro personnel of the active chapter. The fraternity cannot rise above the ability and integrity of the mer which compose it so that it is essential to take the greatest of care inselecting the men who will either mean the success or the failure of the chapter.

When we change from students to the great body of alumni, the great part of our memories and affections will center about the chapter house. After we are out of school we will want to make the house the center of our visits to Ohio Wesleyan and we will want to see Ohio Beta maintain the high standards which she has at the present time.

has at the present time.

The benefits which we will derive from heling members of this chapter will change gradually as the character of the chapter changes so that it will be to our interest to do everything that is possible to keen up the present rank or Ohio Beta among the other Social organizations of the University. In our struggles in the business and professional world we should not lose sight of the welfare of the chapter.

Scattered as they are in the difference of the second structure of the second structure.

the welfare of the chapter.

Scattered as they are in the different parts of the state and nation our alumni are in better position than any of the active chapter to get a line on the prospective men who will enter the university. While many of the best men in the chapter have been obtained in the annual rushing season(with no previous recommendation yet we can be more sure of obtaining the men of the right character when we are informed as to something of their previous life by someone who has known them Members of our alumni can do a great service to the active chapter by sending us the names of the men in their locality who are contemplating a course, at Ohio Wesleyan. All communications during the summer should be addressed to Robert K. Edler, 418 Gill Avenue, Gallon, Ohio.

PITTSBURGH TONE TEST

Was enjoyed by 2,600 people. The "Pittsburgh Dispatch" says:

MIRACLE SONGS CREATE FURORE

Concert in Carnegie Music Hall astonished big Pittsburgh audience.

This proof was convincing. If it were not, another proof was offered. After Mme. Rappold had commenced to sing one number the lights were turned out—ostentensibly so that the audience could not watch the singer's lips.

It did not seem difficult to determine in the dark when the singer sang and when she did not. The writer himself was pretty sure about it until the lights were turned on again and it was discovered that Mme. Rappold was not on the stage at all and that the NEW EDISON alone had been heard.

Only an Edison can satisfy the demands of the home, the fraternity, or more public places.

John Roscoe Turner, Ph. D., Prof. of Economics, New York University, says; It is estimated that the annual outlay for advertising amounts to over \$1,000,000,000 in the United States. Probably the larger part of this huge sum may be counted as social waste. Much advertising, however, is socially productive. Consumers are taught through advertising to know the variety, quality, and relative merits of goods, to know the most effective uses to which they may be put."
